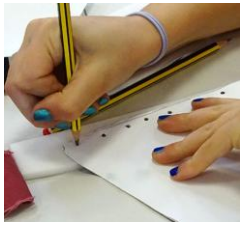
Famous Artists and Artwork

Yinka Llori

Skills to practise

Thinking through making: how can we connect materials together?



Key Concepts

That artists who create furniture are often called craftspeople or designers.

That furniture is more than just practical – designers and craftspeople produce furniture which reflects the era or culture it is made in, or the personality of the maker.

That as artists, we can use a variety of materials to design and make our own model chairs. The chairs we make can reflect our personality and be enjoyed by others.
