School Pumps Needed Urgently!

A parishioner from St Columba's church is taking part in a project to help teach children in South Africa different sporting activities. However, many of these children do not have shoes which is where you might be able to help. If your child has outgrown their school pumps and they are still in good condition please could you donate them. There is a collection box inside St Columba's church and any donations will be gratefully received.

Car Park Safety

Please do not walk across the staff car park or allow your children to do so as it is extremely dangerous. Children and adults should follow the path next to the school building as indicated by the yellow barriers.
